Anti-Aging Case Studies

1. Ms. J & Mr. D

Ms. J (63 years old) and Mr. D (75 years old) are two senior citizen American volunteers at a NGO which operates an Educational Trust in India.

They have been in India for 7 years and have virtually become Indians. They left US after the "boom to bust" of 2008 and decided to spend the rest of their lives looking after the Adivasi villagers (natives) in rural India.

They have both begun a Detoxification and Rejuvenation cum Anti-Aging Program at our Health Center. Here are their experiences.

Attached are some extracts from their weekly feedback which makes interesting reading and gives us a great insight into the actual process of anti-aging the body and what happens with each passing week.

At the end of the 1st week:

We wanted you to hear a positive report from us this week, as this is what we are feeling.... We are both feeling so much better this week... clearer, cleaner, more energy, a feeling of letting go of toxins, less puffiness.

Thank you for guiding us to better health!!!

Blessings,
J and D

Dear Pramod......thank you for your interesting  and description of the very timely work you are doing in super-nutritional agriculture.  I have felt for years that we and the people of this area, perhaps most of India, and the world in general is suffering from malnutrition and a very narrowed range of healthy food products.  I am very interested in learning more about your work and how it can be adapted here in our villages.

Dear Pramod:     Already I am feeling and functioning better :) :)  It seems to be largely the colloidal silver effect.  You may recall that I was loosing balance, but that has quickly gone and I am back to balance and confidence in my step and positioning......also the brain fog is lifting......and the urine flow is better......so yeah!  Anticipating more improvement and thank you!!

Yours in healthy happiness and loving kindness      d
I would like to introduce you to Pramod Vora, the health consultant at SpaceAge Clinic, that D and I are now meeting with to address our own health issues. We are very impressed with his ability to identify some underlying health challenges we face that the allopathic medical world overlooks. Not only does he identify via the use of blood tests, but also recommends what supplements need to be taken, and what health practices need to be adopted to get the healthy body we desire.

Pramod Vora has written this informative article on Nutritional Farming that I believe you might find interesting in terms of our ongoing Agriculture Projects.

Also, Pramod has information on using silver to clean and purify water.

Blessings,
J and D

At the end of the 3rd week:

Dear Pramodji!

We continue to feel better, cleaner & look more youthful.....in only three weeks.

We have referred you to our dear friends... B & A. We gave them a copy of your book. We believe they will be calling you!

One of our friends in the states would like to know when you will be in LA again.

Many Blessings to you & your staff!
J & D

We are so thankful for our on going detoxing & can see the difference, as can our friends.

Your program is fantastic & speaks for itself!

Love & Blessings!
J & D

Dear Dear Pramod.......many many thanks for the amazing rejuvenation I experience from your program. I have gone from shaky unbalanced gait to secure in my standing and walking, the brain fog has lifted, and I am a bit friskier in comparison. It is so good to feel this good again in only 3 weeks. I am looking forwards to what comes next doing this rejuvenation program.

Many blessings to you and your work.
Love and happiness

Conclusion:

This is a good example of what positive thinking can do to the human body.

The human body is like a machine, which also needs periodic servicing, maintenance and repairs (like an automobile), but with living organs which constantly rebuild and repair themselves. We still need to service and maintain the human body.

The body is the hardware which obeys the commands of the software (thoughts) that runs it, just like a computer. The computer is the hardware that cannot do anything without the software. The software decides what the computer (hardware) will do.

So also, thoughts (our software) will determine what the body (hardware) will do. So positive thoughts repair and rebuild the body and negative thoughts destroy the body. These are the fundamentals of health / body care and anti-aging.

Herbs, nutrition, exercise (yoga), meditation *are the catalysts and the accelerators in the chemical reaction called anti-aging* that propel the body at higher speeds and efficiency. Thoughts are the foundation.

Without positive thoughts and visualization there is nothing.

Dear D and J,

You said:
"I am looking forwards to what comes next doing this rejuvenation program."

What may come next is up to you to decide what you want and where you would like to go.

The magic to make you start thinking "higher than the Himalayas" was created during our first crucial meeting.

The rest is for you to decide.

In the 4th week of the Program

Dear Pramod.....I feel like thanking you again, as I am constantly experiencing emerging from a matrix of health limitations that have gradually built up over the many years. Blessing to you and your work.
D
At the end of the 8th week of the Program

Dear Pramodji..............

We are both doing better and better. I finally have come out of the rather heavy detox feelings... and finding a new strength. I decided to put up with the pain in my knees and just finish the Kidney supplement. I am happy to say, I am almost finished with it, and my knees no longer hurt and are not swollen.

I can climb the two flight of stairs to our bedroom now with ease and freedom.

I am waking up earlier and earlier, too.

I don't have the sickley look I had. 
So, I am pleased.

Blessings and Gratitude,

J

My results of your health program are just marvelous, especially considering that before I started your program 2 months ago, I felt that my life was ebbing away and I might soon be gone from this world.

The loss of balance and insecurity about falling went away 2 weeks into the program.

My sinus problems cleared in a month.

My age spots are fading away.

The mental fog and memory affliction has largely receded.

My varicose veins seem to be disappearing.

The flow of urine is greatly improved.

I often feel young and a bit frisky

My interest in having effect in the world has returned.

What’s not to like about these results?

Again, I am most grateful for the renewed vigor, strength and clarity you have given me.

So, in the most positive spirit of things, what lies ahead for us?
With love and appreciation for all you do,  D & J

"My results of your health program are just marvelous, especially considering that before I started your program 2 months ago, I felt that my life was ebbing away and I might soon be gone from this world."
My reply:
You have much to do on this physical plane and I have been entrusted with the task to make sure you complete all the tasks you had chosen before coming down to this plane. :-)

"My interest in having effect in the world has returned."
Yes, there is much left to be done.

We will continue working on all your future health goals in a gradual and logical manner. But first we had to create a good foundation.

Thank you for all your love and appreciation.
Much appreciated.

Blessings,
Pramod Vora

At the end of the 16th week of the Program

Happy New Year Pramodji!

We are both well. Feeling a base of strength that is evident when I climb two flights of steps to our bedroom on the third floor( Indian second floor). Very nice to feel capable again.
Blessings & Appreciation,
J

HAPPY NEW YEARS GREETINGS PRAMOD!
We appreciate so much your help with our health! And we hope and trust that you are of great benefit to many.

I seem to be quite happy and much stronger, though not yet twentyish yet, ha, ha.

We shall make this new year the best ever. Love and happiness
D
At the end of the 18th week of the Program

Hello Pramod and best wishes for your health and happiness. I am delighted to tell you that the addition of coconut oil in my ears at bedtime seems to largely restored my hearing after less than a week of treatments. Not much wax came out, but the result is wonderful none the less. I am surprised to find that i can attend a meeting of people and hear everything that is spoken. Such a great gift this is to me...... i am quite grateful.... thank you.

Also it appears the spider veins and bluish discoloration of my ankles/feet is disappearing along with some of the varicose veins.

These are great results of the continuing program and of course i am very happy about this.

May all be healthy and happy.
D

Dear D,

I am really happy for you and the results you have achieved so far.

You have set an example for the whole world to truly understand what anti-aging is all about.

You have helped establish that though we all live in a highly stressful and polluted environment, which causes premature aging of the body, there is a way to reverse these effects.

Thank you for your positive attitude and timely updates.

These are highly appreciated.

As I wrote earlier you have grasped the essence of anti-aging - Thoughts are the software and the human body is the hardware. The software (thoughts) decide how the hardware (body) will behave / heal.

Blessings,
Pramod Vora

2. Mr. B and Ms. A (are friends from Australia of J and D)

Mr. B & Ms. A are originally from Australia and have come to work for the welfare of natives in remote parts of India. They have been in India for 16 years helping to provide basic skills, education, farming know how and drinking water to the local people.

**In the 3rd week of their Anti-Aging Program**

We have now started Week 3.
The detox process has definitely started.
Best wishes,

Dear Dr. Pramod Vora,
I just attended your lecture here in Orlando. I really enjoyed it. My wife and I are both here and are both OB/GYN physicians. We really need to know more about your therapies. Can we meet you here or do we need to come to your clinic to get more information on your treatments.

We really look forward to learning more about your therapies and possibly meeting you.

Thanks,
JH, M.D. FACOG
KH, M.D. FACOG

Dear Dr. Vora,
We really enjoyed meeting with you at the A4M meeting. We are very excited about all we learned and look forward to our personal consultation with you about our personal health.

Because we are OB/GYNs, we want to quickly begin implementing the transdermal hormone therapy into our practice. Many of the American compounding pharmacies that we saw are still using cream filled syringes.

Please call or email me at your convenience to discuss this further. Thank you for your time.

Thank you,
D and K H, OB/GYN

Dear Dr. Vora,
Thanks for your reply. We are very excited to work with you. Your costs are well below everyone else. I can't wait to talk with you on the phone. If I don't answer straight away its only because I'm in a C-Section or delivery. Otherwise I can answer 24 hours a day (I'm very used to being called in the middle of the night if you're back in India)

Talk to you soon.
D H, OB/GYN

Hi Pramod, I just received your email from Dr. RR, MD. He is with the California Institute and I am the Director of the Florida Institute. We have known each other for years and work together. Your email was fascinating and I would love to hear more. If you have the time, please call my cell. I look forward to hearing from you.

Warm regards,

HELLO! First of i would like to congratulate for your towering success. It is a really a
great achievement & we are proud of you, being your patients. I will write a short
summary with my fresh investigation in couple of days. We will cooperate in your
massive project & pray to god that you will finish it before time. Please let us know
any help from our side. I request you to consider me or DR.C as your trainee in this
upcoming science under your expertise.

THANKS
DR. DP, M.D., ENDOCRINOLOGIST & DIABETOLOGIST
& DR. CP, M. D., D.G.O., OB/GYN

Dear Sir

Congratulations!!! though it has definitely not come as a surprise to me.

Your work has always reflected that its premise is highly scientific and evidence
based.

All your patients, which includes me, have been blessed with good health since they
undertook your program, however it does feel nice to get an acknowledgement
especially from the world experts in this field.

Your work has been included in the textbook for anti-aging but I guess I will feel you
have reached your goal only when your text book gets published and reaches
the needy.

Like you always mention, you have a spiritual mentor behind you but the fact that he
has chosen you to be the custodian of this priceless knowledge reflects on your
ability to deliver it.

Incidentally, I have spoken about you to the committee in charge of the CME
program at my Hospital and they were tentatively deciding a suitable date to invite
you to talk to our consultants. Even a peek preview into the vast ocean of
knowledge that you have gathered would help them a long way besides making them
pause and think and probably mend a few ideas which have been dogmatically
prevalent.

I once again congratulate you sir and thank you for helping me and many others
with your magic wand.

May god bless you and be with you always

Warm regards

Wow, thanks for this.
I will be happy to take a look at this.
It would be interesting to be a patient myself and I appreciate the materials you have sent.
I will get to this as soon as I can :D

I really enjoyed meeting you too :) 
Best! 
Dr. DW, M.D.

Hi Pramod,

Great show.

Dear Pramod,

I am glad to receive your e-mail. I have no doubt that you will continue to receive many more accolades and recognition in time to come.

I am looking forward to meeting you at the A4M, San Jose Conference and learn the various programs from you.

I wanted to ask you about the current swine flu problems in India and what are your recommendation. Do you have injectable vitamin C? What is the cost of Silver kit that you have? Let me know.

Also looking forward to your book.

With regards,

Dear Pramod,

I meant to write to you on my return from that long trip that started in India.
I wanted to tell you that I found your talk at Khajuraho one of the best I have heard.
"I think it has been one of the most enlightening lectures that I have heard, as you managed to encapsulate a lot of facts and interesting aspects to the clinical management by using botanicals in a very scientific way."

Kind regards

Dear Dr. Vora,

Firstly heart felt greetings to you and Congratulations!! on your achievements.

Trust all is well at your end and at the clinic.

I am really very grateful to you for sparing your precious time in sending such a detailed email to update me about the events that occurred in the past six months.

Congratulations!! once again on becoming the Faculty Member of the International Antiaging Forum and for being able to present your paper at various conferences.

I am grateful to you for appreciating my miniscule contribution if any, towards your paper presentations and also glad to be a part of the clinical studies at the centre.

The Detoxification program done at the centre for me and my family did a lot of positive changes in each one of us in different areas of imbalances that we had.

I am aware of the capabilities of the program and have also experienced the same. The knowledge that i have gained at the centre under your guidance cannot be explained in words. It has changed my approach towards life and towards medical treatment in total and I am grateful to you for that. Now, I have become more calmer and started analyzing different aspects of a problem before making a decision.

I was attending to my mother's health in the last few months as she needed lots of physical rest and emotional support as she is passing through her menopause. Hence I accompanied her to my native place in the month of May during my children's school vacation. Her Hemoglobin has risen to 14g% thanks to your medical advice.

I have not repeated my blood tests lately as i was more involved with that of my mother's.

I wish you all success in all your future endeavors and projects and rocket speed in completing the textbooks of medicine as they will bring about a world of change in the field of medicine, both in their approach and in the treatment.

Do let me know, if you need my little contribution in any ways in your projects.

Please shower your blessings on me and my family at all times.

Wishing you success !!

Best wishes and regards,

Dr. RJ, M. B. B. S.
Sir,
Absolutely fabulous!!!
So so happy for u sir.
Keep up the great work.
Good luck on ur 4 part textbook
If I can be of help do let me know
Will try my best to contribute well.

Take care
Will be in touch.

“What I am about to relate to you is a mind boggling and astounding story of Natural Health Care recently experienced by our family.” - Dr. Yeshwant More, M.B.B.S. (Bom), M.C.P.S., D.G.O., SEM, ex Superintendent of Rajawadi Hospital, Ghatkopar and R.N.Cooper Hospital, Juhu, Mumbai

Date: September 13, 2003

I am Dr. Yeshwant More, M.B.B.S. (Bom), M.C.P.S., D.G.O.,SEM, exmedical Superintendent of Rajawadi Hospital, Ghatkopar and R.N.Cooper Hospital, Juhu Vile Parle and O.S.D. in Health Department of BMC. I retired a few years back from the Cooper Hospital in Mumbai after a long career stretching over 32 years as the Superintendent / Chief of Staff of the Hospital. I am 64 years old having passed from the Grant Medical College in Mumbai in 1965.

My wife Dr. Kusum More, M.D., D.G.O. is a Gynecologist who has also retired a few years back as Senior D.M.O. of Chief of Staff of the Western Railway Hospital. She is 63 years old having passed from the B.J. Medical College Ahmedabad in 1964 and there after did her Post Graduation in Gynecology and Obstetrics in 1968 in Bombay.

We own a Nursing Home in Kurla, Mumbai since the last 32 years.

Our son Dr. Tushar, M.B.B.S., D.A., Bombay and daughter Dr. Suchitra, M.D., D.G.O., Bombay and daughter in law Dr. Vinal, M.S., Bombay and brother Dr. S.N.More, B.A.M.S., are all Doctors. So you can see we are a family of Doctor who collectively represent over a 100 years of clinical experience.

What I am about to relate to you is a mind boggling and astounding story of Natural Health Care recently experienced by our family.

My wife Dr. Kusum developed serious Diabetes during her first pregnancy, two months prior to delivery of our first child. She went into Ketosis in August 1967 and had to be rushed to the hospital. After delivery on October 6th there was no trace of Diabetes.

In 1975 Diabetes was again detected and controlled through oral medication. After the loss of our daughter in April 1978 she again went into Ketosis and had to once again rushed to the Jajivan Ram Hospital in ICC Unit. She was immediately put on Insulin which she had to take for 3 months and later switched over to oral medication by which she was able to maintain normal blood sugar levels. Subsequent in two pregnancies she had no trace of diabetes.

In 1979 she lost her mother and immediately suffered Myocardial Infraction in September 1980 and had to once again start taking insulin.

Over the years the dose of Insulin gradually increased from the year 1998 and finally reached 30 units in the morning + 30 units in the evening = total of 60 units of insulin per day. Even with this dose of 60 units per day, there was no proper control of her blood sugar.

Her overall health condition gradually deteriorated and in her Stress Test in Jan 2001 was Positive in 2001. Dr. Kusum’s Angiography report showed severe blockage in LAD and Collaterals (April 2001).

By January 2003 she was suffering from the following symptoms:
Breathlessness on exertion and during bath
Cramps in feet and legs
Neck Muscle pain, cervical and lumbar spondylitis
High frequency of urination
Hip Joint Pain
Back ache
Dryness of skin along with burning sensation on checks and mouth area
Pain inside throat and behind the ears
Pain in lumber region and sacroiliac joint
Dark Circles around the eyes
Reduced of hearing in left ear
Hot Cold Flashes
Swollen Feet / Ankles
Breast tenderness
Mood swings / Depression
Insomnia
Dry Aging skin
Anger / Irritability

She was taking the following allopathic medication for treating the symptoms of the diseases:
Atenolol 50mg twice a day
Angispan 6.5 mg twice a day.
Coversyl 4mg
Eugucon 2mg
Teralfa 1mg
Atenovastin 20mg
Alprax 0.25mg
Myodrops

I had been routinely receiving announcements of Health Counselor Pramod Vora’s Seminars for Doctors in the Juhu Area and had the opportunity of attending some of them and learning more about the other point of view, where Modern Medicine focuses on the study of Wellness and Prevention of Disease as opposed to Western Medicine which is a very detailed study of Sickness and Diseases and its symptomatic treatment without any hope of cure. He spoke many times about the use of Orthomolecular Medicine to correct Nutritional Deficiency at intracellular levels, which was the root cause of all Cardiovascular Problems and Diabetes. Frankly speaking, I was impressed with his knowledge and the results he was achieving at his Health Center in Mumbai and the very large following of Patients who were qualified senior Doctors of Bombay that he had had the opportunity to help. In my 35 years career at various Hospitals in Bombay I had not seen anything like it. I also had the opportunity of attending / had received the proceeding of his Seminar on By Passing the By Pass and Lower Hypertension on January 19th of 2003 where I heard the live Testimony of two very Senior Doctors Dr. Pravin Kenia and Dr, Praful Dave who had been helped to overcome their very chronic Cardiac, Hypertension and Diabetic challenges which were not responding properly inspite of extensive Allopathic Medication that they were on.

So one fine day, in January, my wife Dr. Kusum and myself took an appointment and decided to go and talk to him and find out what his recommendations were. He studied Dr. Kusum’s past medical records and spoke to us in detail for over one hour. Later on that evening, after we had left, he wrote out a Protocol of Treatment for her after studying in detail the medical records that we had left with him. The Protocol was a result of the Root Cause investigation, diagnosis and treatment.

We started the Treatment in early March 2003 based on his Natural Protocol comprising only of Herbs, Nutritional Supplements and some Dietary Changes. There were no drugs, chemicals or
steroids or hormones involved in his recommended treatment. The Protocol addressed all areas of imbalance of the body, like pH, Fat Mass Reduction, Nutritional deficiency, blood sugar levels, Hormonal Imbalance, Complete Cardiac Overhaul, Detoxification and correction of Dietary Imbalances.

The Protocol appeared so simple, that it was difficult to believe at first that it could bring the body of Dr. Kusum with its chronic problems spanning over two decades back to normal. But with each passing week we began to notice that the Blood Pressure and Blood Sugar and Cardiac symptoms began to diminish and she was able to reduce her dependence on the allopathic medication which she had been taking for the past two decades.

Being worried about her Angiograph which showed extensive blocks on left side and collaterals, we had tried last year a product called Myodrops for over six months without much success. The symptoms of Breathless just did not improve even after administering this Herbal formulation for twice the duration normally recommended.

Now within a few weeks of starting the Program we noticed her condition began to improve noticeably. Her breathlessness disappeared and she could resume her walks and could climb stairs without any difficulty.

With the diminishing of the Hormonal Imbalance her hot flashes reduced, water retention in her feet and ankles disappeared and she become calmer and more relaxed, less irritable, loosing her temper less frequently, and the confusion in her mind began to diminish and she became more focused and decisive rather than the mental confusion and turmoil of the past. With each passing day the symptoms kept reducing and she became a very pleasant and easy going person like she was many years back.

Her Hypertension medication was reduced gradually and her insulin levels were cut back each week a little at a time. On June 25th she was taking 4 units of insulin the morning and 6 units in the evening. Her Blood sugar levels were Fast = 93mg/dL and PP = 120mg/dL. By July 7th she had totally stopped insulin and was able to maintain proper sugar levels by following proper dietary habits.

In early September 2003 she was only left on Atenolol 25mg b.i.d. and her Diastolic was going precariously low to 70 and below and she was constantly complaining of giddiness. Health Counselor Pramod Vora recommended that we maintain her diastolic around 80 which per body was comfortable with and not to overdose her with Atenolol. We have therefore reduced her to 12.5mg Atenolol twice a day and look forward to the disappearance of her discomfort.

On the recommendation of her Cardiologist, her Insulin levels in September 2003 are 8 units in the morning and 10 units a night. We could easily switch over to a tablet at this stage but would like to continue with this minimum dose of Insulin for some more weeks as the Cardiologists normally recommend Diabetic patients to take insulin over tablets. This is a great improvement over the 30 + 30 = 60 units of insulin that she was taking in the past.

Her ECG reports are normal and her LVEF is 65%. She is now able to climb the staircase and go up 3 floors of a building non stop without panting.

We are more than completely satisfied with achievements of the Protocol drafted by Health Counselor Pramod Vora and do not mind recommending him to any motivated person seeking genuine health care for any chronic health challenge they may be facing.

I am sure he has the wisdom and insight to determine the root cause of any chronic ailment and to diagnose it and come up with a Natural course of treatment for it.
I am thankful to health Counselor Pramod Vora for his good treatment and for taking Personal Interest in my case.

I recommend him for all types of Chronic and difficult cases, and for Detoxification of Body where his Herbal and nutritional formulations are very effective. I am happy to recommend his Oral Chelation Therapy to any one who is in need of a complete Cardiac Overhaul.

"I started feeling better within two weeks of beginning the Program. My Breathlessness disappeared and I started feeling a sense of well being and got more energy to work. At the end of four weeks of treatment, there was further significant improvement in my condition." -Dr. Pravin B. Kenia

Date: December 02, 2002

I Dr. Pravin B. Kenia, 59 year old, came to Health Counselor Pramod Vora about two months back, for the problem of High Blood Pressure, Breathlessness, general weakness and Diabetes Mellitus - which I had since long time. In addition, my Angiogram done in June 2001 showed 90% blockage on Left side, 30% on Right side and 80% on Colaterals. There was heavy Calcification on the walls of all the major and minor arteries. I am a Family Physician practicing in Juhu Scheme since last 32 years and attached with two institutions practicing Allopathic Medicines. I was taking numerous Allopathic medicines for my treatment, but my Hypertension (high of 170/100) was uncontrollable in spite of heavy doses of Hypertension medicines; proper Diet control; and walking exercises.

I had previously attended Health Counselor Pramod Vora's lectures and Seminars for Doctors in Juhu Area on three different occasions and I was impressed and convinced with this thoughts and theories on Natural By Pass / Oral Chelation and other Health topics. So I decided to go to him in August 2002 and take his advice and treatment.

I took his appointment and he took my History and spent over one hour going through my Medical Reports, prepared a Custom Ten Week Protocol and gave me a Calendar for the 1st month based totally on Herbal Dietary & Nutritional Supplements like Cardio-Pak, Osteo-Pak, Kidney Care, Lung Clear, Liver Detoxifiers, Therapeutic doses of Vitamins, Energizer and other Herbs for lowering Cholesterol, Triglycerides etc. It was a totally Drugless Therapy which also stressed a lot on Diet containing Juices, Vegetables and Raw foods.

I started feeling better within two weeks of beginning the Program. My Breathlessness disappeared and I started feeling a sense of well being and got more energy to work. At the end of four weeks of treatment, there was further significant improvement in my condition.

I continued my Allopathic medication with his Natural Program. I had to take many capsules, but I was determined to take them with faith which was further re-enforced because of the results I was continuously experiencing every week.

First month was soon over and he gave me another Calendar and more advice for the second month during the second appointment. I was continuously monitoring my BP three times a day.
and now all readings were under control (130/60). So I started small reduction in my Allopathic Hypertension medication. My Diabetes was under control, Urine Albumin, Serum Creatinine, Cholesterol, Lipid Profile readings all improved.

At the end of the second month, my early morning Blood Pressure came down to 120 / 60 and during the day my BP started remaining below 130 / 60 mm of Hg. I began further reduction of my Allopathic Medication as sometimes the BP dropped to 100/60 and I started feeling uncomfortable.

My Nephrophologist, Diabetologist and Cardiologist also agreed that my readings I have improved and I am doing very well and agreed to allow me to a trial reduction in all doses.

Before I had come to Health Counselor Pramod Vora, I had undergone Angiography, Stress Test, 2-D Echo, etc. My 2-D Echo done 8 weeks after beginning the Drugless Therapy has improved and urine albumin for 24 hours had gone down. My 24 hours Creatinine Clearance Test has also improved. My 2D Echo showed that the enlarged Left Ventricle had finally returned back to its normal size.

For the 3rd month Health Counselor Pramod Vora has given me a much reduced Herbal and Nutritional Supplements Program which has fewer capsules and I am feeling even more energetic.

I am thankful to Health Counselor Pramod Vora for his good treatment and for taking Personal Interest in my case.

I recommend him for all types of Chronic and difficult cases, and for Detoxification of Body where his Herbal and Nutritional formulations are very effective. I am happy to recommend his Oral Chelation Therapy to any one who is in need of a complete Cardiac Overhaul.

="With a comparatively simple Protocol that he Custom Designed specially for her, she gradually became symptom free over the next 12 weeks of treatment. As a matter of fact she could move around in her house within 4 to 6 weeks of beginning the Program" - Dr. Rajendra Vora

About 1 year back, I had the opportunity, of bringing my close relative, a lady of 55 years, who had been advised a By Pass Surgery way back in Nov 1999 as she had a 90% blockage on the left side. By July 2001 her left side had reached 100% blockage and her colaterals showed 60% blockage. She was panting badly after even a few words and her movement in her own home was highly restricted. Climbing a stair case was impossible. But she refused surgical intervention, in spite of my advise and her own husbands pleadings. Finally, we brought her to Health Counselor Vora's Health Center at Andheri. He also advised her to undergo By pass Surgery. However she once again refused. With a comparatively simple Protocol that he Custom Designed specially for her, she gradually became symptom free over the next 12 weeks of treatment. As a matter of fact she could move around in her house within 4 to 6 weeks of beginning the Program and two months later did a trip to Palitana. A few months later she did a second trip to Palitana. Today 1 year later and after a six months of treatment she is almost symptom free and is leading
a perfectly normal life. She was truly fortunate to have met Pramod and to have seriously implemented his Protocol which she religiously did. His Protocols are a Drugless Therapy without any use of Chemicals, Steroids or Hormones; safe, totally Natural and Non invasive.

I and my wife have also done his Detoxification Program and noticed a marked improvement in the functioning of our bodies. As a matter of fact it left a youthful glow on our face which was noticed by everybody. I recommend every Doctor to experience it.

I am truly happy to have met Pramod and wish him all success in Modernization of Medicine and Ayurveda and in his Quest for Perfect Health for all and in continued education of the Medical Profession.

Sincerely yours,

Dr. Rajendra Vora, M.B.B.S.

"I must say that I was benefited only after four to six weeks of treatment, although the whole course of treatment was for three months. On the whole it was a smooth course and the response remained steady and sustained." - Dr. Dave

Date: 11.08.2002

I have the great pleasure in giving a testimonial to Shree Pramod Vora who gave me treatment for presistant Systolic hypertension of about six to seven years duration.

He gave me two long sessions for history - taking and counselling, each session of more than one hour duration, During which he was very particular to know in detail all the aspects of my case.

I appreciate his multi angular as well as holistic approach with good clinical judgement after careful and thorough study of my case and I also appreciate the treatment he gave me, particularly Ayurvedic herbal formulae - which proved to be a wonderful boon to me.

I must say that I was benefited only after four to six weeks of treatment, although the whole course of treatment was for three months. On the whole it was a smooth course and the response remained steady and sustained.

My family members and my seld are really grateful to him and will always remain so, for what he has done for us.

With good wishes,

Dr. Praful Dave

"I derived a lot of benefits from Detoxification, Rejuvenation and Hormonal Imbalance Correction 3 month Program of SpaceAge Natural Health Care Center." - Dr. A. Awasare, MD; D.G.O. / Obstetrician & Gynecologist

Date: 13.09.2001

TO WHOM SO EVER IT MAY CONCERN

I derived a lot of benefits from Detoxification, Rejuvenation and Hormonal Imbalance Correction 3 month Program of SpaceAge Natural Health Care Center.

I am a Patient of Cervical Spondylitis with bilateral extra ribs. Of course I do exercises everyday. But pain in Cervical area was a constant feature with me. Along with that pain or aches all over the Body due to Osteoporosis, also reduced to a very great extent. I always had Gastrointestinal intolerance with allopathic Calcium preparation; which I do not have with Natural Calcium. Hormonal Imbalance Correction improved my Skin Tone which became softer; also people comment that I always look fresh and slimmer now. I also lost 3 to 4 kgs of weight may be due to Hormonal (i.e. Progesterone Imbalance)

I thank you Mr. Vora for this. I am still continuing Natural Calcium, Wild Yam which gives Natural Hormones to me.

Thanking you,

Sincerely yours,

Dr. A. Awsare, MD; D.G.O.

="The healthcare concepts developed by SpaceAge are very innovative and credible" -Dr. B. Gopalan, M.B.B.S.

August 28, 2001

TO WHOM SO EVER IT MAY CONCERN

I have personally experienced the Detoxification cum Rejuvenation Herbal Program of SpaceAge Natural Health Care Center. I have also experimented with their recommendation for lowering my Blood Pressure (for which I have been on Allopathic Medication these last 10 years).

I have achieved a 7kg (15lbs) reduction in weight without any alteration in my regular dietary habits and also experienced significant lowering of my Blood Pressure.

It has left me feeling lighter and more Healthy then I have felt in the last 10 years and have produced a youthful look on my face. I now look a few years younger than my Physical Age.

The Healthcare concepts developed by SpaceAge are very innovative and credible and their knowledge of Preventive Health Management is excellent.
I have no hesitation in recommending others to also experience SpaceAge Herbal Detoxification cum Rejuvenation and Nutritional Healing Programs.

TO WHOM SO EVER IT MAY CONCERN

This is to certify that I began a Herbal Detoxification cum Rejuvenation and Weight increase Program with SpaceAge Natural Health Care Center in April 2001.

I have increased by 4kgs in the first 4 weeks of the treatment. The Detoxification cum Rejuvenation has left a Youthful Glow on my face.

As of today my weight is 65kgs which is 7kgs increase over my earlier weight of 58kgs; my height is 5ft 10 inches.

I have received compliments from my family, friends and colleagues.

I am impressed with the Health Care Technology at SpaceAge and do not have any reservations to recommend others from benefiting from the same.

Dr. A. Solanki, B.A.M.S.
I thank SpaceAge Center for this remarkable change which has left me feeling lighter and more healthy than I have felt in the last 20 years. It has produced a youthful glow on my face. People have told me that I now look a few years younger than my physical age.

The healthcare concepts devised by Mr. Pramod Vora are very innovative and his knowledge of natural health management is excellent.

I have no hesitation whatsoever in recommending my patients with chronic complaints to also experience SpaceAge Herbal Detoxification cum Rejuvenation and Nutritional Healing Program.

Thanking you,

Sincerely yours,

Dearest Pramod Vora:

We are writing to you for being with us on the 11th of October 2002.

Your presence and the warmth of your affection shall linger in our memory always. You have been an important part of our growth through several years. Without your love, it would have been difficult to share our delight and happiness.

Thank you.

"The most incredible source of natural healing that I have yet to experience thus far in my life." - B. Nei

November 29th, 2002

Dear Arti and Paul-

It has been a GREAT pleasure to know you and your many products! Approximately one year ago I came to you for a "detoxification kit". I had heard about this process but had never experienced it. I was in a very bad state- physically and mentally. I had tried numerous vitamins and special diets in search of a natural solution. What I found through meeting Arti and Paul, was the most incredible source of natural healing that I have yet to experience thus far in my life. My results are many, but mainly I feel I have been given my life back through proper balancing of my hormones and nutritional needs. I went through the detoxification process and found it to be extremely gentle and quite uplifting! I had a peaceful feeling and a calmness about me... My physical body also reduced in size- naturally. My depression disappeared and I have had more energy than I can remember and a joyful attitude! I also wear the magnetic necklace daily and it helps ease any stiffness in my shoulders as well as give me energy. I also have my arthritic dog sleeping on a magnetic mattress and I have noticed great improvement of his leg. The first week I started on their herbs I noticed a big difference- as if my body and mind were finally being fed real nutrition! I have continued on these organic herbs for almost a year and will continue to do so. Along with the physical support and balancing from the products I have so appreciated Arti's emotional support. She has given me "coaching" sessions - always eager to support me in my journey for peace of mind- body, mind and spirit!

With much love and appreciation I thank you both for your commitment to my health.

"We want to let you know that we think that the Liver cleanse of yours is better than any of the others we have tried, and I have been studying and researching health products for over forty years." - L. Kocsmaros and S. Williams

November 16th, 2002

Dear Arthi,

We want to let you know that we think that the Liver cleanse of yours is better than any of the others we have tried, and I have been studying and researching health products for over forty years. During the cleanse we did not have side effects. It is gentle but really works. After this particular cleanse we noticed more energy and a general feeling of well being. Today we received our reorders for liver cleanse, colon cleanse, nitri boost and alka boost—-all superior products. Thank you for the book.

Best Regards,

Dear Mr. Vora,

Hope things are very well with you. We are all fine here in the London.

As I shared with you during my last telephone call to you before leaving Mumbai, I am thankful to you for the awareness imparted by you towards health and nutrition. I have benefited in many ways from the detoxification and the nutritional supplements taken as advised by you.

I must admit that I was really skeptical of your treatment when I first heard you, and consulted you. At the same time, things were making sense at the basic level, so could not ignore the whole concept. I believe the skepticism was also due to the background that I was used to using allopathy and homeopathy since childhood. So alternative methods were not really tried, beyond certain home remedies. And with the busy schedules of today's life, I ignored the health issues at the basic level.

Needless to say, I and my family have now become very conscious of what we eat.

My mother has also benefited from your treatment, in terms of the energy levels.

Thanks and regards,

Simran.

"My constipation is not a problem anymore and my skin too has greatly improved, infact people have commented that I am glowing." - S. Nanda

January 28th, 2001

Dear Dr Vohra,

Spoke to my mother the other day who told me you were in town. I am continuing with the treatment and am greatly benefiting form it. My constipation is not a problem anymore and my skin too has greatly improved, infact people have commented that I am glowing. My health and energy levels too are good. For instance everyone in my entire family including the kids have had bad colds and I have remained fine. Thank you so much. I am following the plan you have sent me for Jan, and if it isn't a big hassle could you make one for Feb too? I would be soo grateful. Also I have finished my bottle of Natural calcium and would need a replenishment, so if it could be sent to Barbara she would forward it to me.

Look forward to hearing from you, S. Nanda
