

Dear Dr. Pramod Vora,

I just attended your lecture here in Orlando. I really enjoyed it. My wife and I are both here and are both OB/GYN physicians. We really need to know more about your therapies. Can we meet you here or do we need to come to your clinic to get more information on your treatments.

We really look forward to learning more about your therapies and possibly meeting you.

Thanks,

JH, M.D. FACOG

KH, M.D. FACOG

Dear Dr. Vora,

We really enjoyed meeting with you at the A4M meeting. We are very excited about all we learned and look forward to our personal consultation with you about our personal health.

Because we are OB/GYNs, we want to quickly begin implementing the transdermal hormone therapy into our practice. Many of the American compounding pharmacies that we saw are still using cream filled syringes.

Please call or email me at you convenience to discuss this further. Thank you for your time.

Thank you,

D and K H, OB/GYN

Dear Dr. Vora,

Thanks for your reply. We are very excited to work with you. Your costs are well below everyone else. I can't wait to talk with you on the phone. If I don't answer straight away its only because I'm in a C-Section or delivery. Otherwise I can answer 24 hours a day (I'm very used to being called in the middle of the night if you're back in India)

Talk to you soon.

D H, OB/GYN

Hi Pramod, I just received your email from Dr. RR, MD. He is with the California Institute and I am the Director of the Florida Institute. We have known each other for years and work together. Your email was fascinating and I would love to hear more. If you have the time, please call my cell. I look forward to hearing from you.

Warm regards,

Dear Sir

Congratulations!!! though it has definitely not come as a surprise to me.

Your work has always reflected that its premise is highly scientific and evidence based.

All your patients, which includes me, have been blessed with good health since they undertook your program, however it does feel nice to get an acknowledgement especially from the world experts in this field.

Your work has been included in the textbook for anti-aging but I guess I will feel you have reached your goal only when your text book gets published and reaches the needy.

Like you always mention, you have a spiritual mentor behind you but the fact that he has chosen you to be the custodian of this priceless knowledge reflects on your ability to deliver it.

Incidentally, I have spoken about you to the committee in charge of the CME program at my Hospital and they were tentatively deciding a suitable date to invite you to talk to our consultants . Even a peek preview into the vast ocean of knowledge that you have gathered would help them a long way besides making them pause and think and probably mend a few ideas which have been dogmatically prevalent.

I once again congratulate you sir and thank you for helping me and many others with your magic wand.

May god bless you and be with you always

Warm regards

Wow, thanks for this.

I will be happy to take a look at this.

It would be interesting to be a patient myself and I appreciate the materials you have sent.

I will get to this as soon as I can :D

I really enjoyed meeting you too :)

Best!

Dear Pramod,

I am glad to receive your e-mail. I have no doubt that you will continue to receive many more accolades and recognition in time to come.

I am looking forward to meeting you at the A4M, San Jose Conference and learn the various programs from you.

I wanted to ask you about the current swine flu problems in India and what are your recommendation. Do you have injectable vitamin C? What is the cost of Silver kit that you have? Let me know.

Also looking forward to your book.

With regards,

Dr. BA, M.D.

Dear Dr. Vora,

Firstly heart felt greetings to you and Congratulations!! on your achievements.

Trust all is well at your end and at the clinic.

I am really very grateful to you for sparing your precious time in sending such a detailed email to update me about the events that occurred in the past six months.

Congratulations!! once again on becoming the Faculty Member of the International Antiaging Forum and for being able to present your paper at various conferences.

I am grateful to you for appreciating my miniscule contribution if any, towards your paper presentations and also glad to be a part of the clinical studies at the centre.

The Detoxification program done at the centre for me and my family did a lot of positive changes in each one of us in different areas of imbalances that we had.

I am aware of the capabilities of the program and have also experienced the same. The knowledge that i have gained at the centre under your guidance cannot be explained in words. It has changed my approach towards life and towards medical treatment in total and I am grateful to you for that. Now, I have become more calmer and started analyzing different aspects of a problem before making a decision.

I was attending to my mother's health in the last few months as she needed lots of physical rest and emotional support as she is passing through her menopause. Hence I accompanied her to my native place in the month of May during my children's school vacation. Her Hemoglobin has risen to 14g% thanks to your medical advice.

I have not repeated my blood tests lately as i was more involved with that of my mother's.

I wish you all success in all your future endeavors and projects and rocket speed in completing the textbooks of medicine as they will bring about a world of change in the field of medicine, both in their approach and in the treatment.

Do let me know, if you need my little contribution in any ways in your projects.

Please shower your blessings on me and my family at all times.

Wishing you success !!

Best wishes and regards,

Dr. RJ, M. B. B. S.
