Note on A4M

A4M is a non-for-profit medical society dedicated to the advancement of technology to detect, prevent, and treat aging related diseases and to promote research into methods to retard and optimize the human aging process and to prevent and treat aging related disorders. A4M is also dedicated to educating physicians, scientists and members of the public on issues of advanced preventive medicine and cutting edge biotechnologies.

A4M, is now over **24,000 members** strong in 105 nations. A4M has trained over **100,000 physicians** at International Scientific Conferences over the past 15 years.

A4M provides ongoing medical and scientific education and information services to over **500,000 healthcare professionals** monthly via our on-line educational programs.

Anti-aging Medicine has so far centered around Surgical Intervention (Plastic Surgery) or Dermatological (Cosmetic) procedures to create an anti-aging effect. However over a period of time, the body and its organs continue to age unabated, with corresponding deterioration in overall appearance of the body.

This paper, takes you well past this cosmetic effect of anti-aging, to an noninvasive approach of servicing and repairing various organs of the body: changing body dimension (Body Sculpting); creating a glowing and healthy skin; removing dark spots and irregular pigmentation; even lightening the complexion by a few noticeable shades; and creating an almost permanent effect of youth and vitality. This is unmistakably perceived by the beholder and also experienced by the subject. These pre and post treatment procedures help enhance and maintain the good effects of both Surgical and Dermatological procedures being practiced in mainstream medicine today.

Use is made of the Standard Reference Ranges in today's Pathology to derive new standards in preventive medicine called Optimum Values. These form the basis of a new subject called Anti-Aging Pathology.

This paper presents clinical studies supported by pathological evaluation of various organs of the body to prove beyond all doubt the capability of this science to anti-age the body and achieve longevity well beyond 100 years of age, coupled with aesthetic and cosmetic changes to the body.

This irrefutable proof of anti-aging the body has removed the last traces of the controversy about Anti-Aging Medicine as a valid medical science and the existence of Toxins in the body. Armed with this science we are now able to prove aging as a pathologically detectable disease.

This paper takes you through three steps of anti-aging:

A. DETOXIFICATION

Cleansing and repairing the colon, kidneys, liver, lungs, blood and the skin of the toxic waste buildup and keeping them working at peak efficiency will ensure minimal future toxic buildup in the body. The improved functioning of the organs can be evaluated through pathological tests.

B. REJUVENATION

Rejuvenation comprises of improving the flow of gastric acids, pancreatic enzymes and the bile from the liver. This will eliminate indigestion, bloating and flatulence.

C. INTRACELLULAR NUTRITION

Prescription Strength Therapeutic Doses of Nutrition are administered either orally or topically, which are designed to alter cell wall membrane permeability and carry nutrition to the center of the cell where it is really required. This is used to repair and rejuvenate various organs of the body including the entire cardiac system.

Intracellular Nutrition is the key to overcome chronic ailments like hypertension, diabetes, cardiac insufficiencies, hormone imbalance, prostate disease, and other chronic diseases and is fundamental to anti-aging. There is no sense, in trying to anti-age a diseased body, as one will miserably fail to probably even reach an age of 70 years.

In this paper, a Holistic approach has been advocated to simultaneously anti-age the whole body using Orthomolecular Medicine with Intracellular Nutrition and Western Herbology. This will help to maintain the body in perfect health well beyond 100 years, free of medication and chronic diseases.

The subject of Aesthetics and Anti-aging is a very interesting and challenging one and has occupied the attention of mankind for thousands of years. We have all heard of the Egyptian Queen Cleopatra, who lived about 2000 years back, who was celebrated for her exceptional beauty, as well as her exotic beauty treatments and baths in milk, honey, saffron and aromatic oils. Basically, she was practicing Anti-Aging Medicine 2000 years back.

Anti-aging Medicine has so far centered around surgical intervention (Plastic Surgery) or Dermatological (Cosmetic) procedures to create an Anti-aging effect. However, over a period of time, the body and its organs continue to age unabated with corresponding deterioration in overall appearance of the body.

Today, we will go well past this cosmetic effect of anti-aging, to a non invasive approach of servicing and repairing various organs of the body: changing body dimension (Body Sculpting); creating a glowing and healthy skin; removing dark spots and irregular pigmentation; even lightening the complexion by a few noticeable shades; and creating an almost permanent effect of youth and vitality. This is unmistakably perceived by the beholder and also experienced by the subject. These are Pre and Post treatment procedures to enhance Surgical and Dermatological treatments which form a part of mainstream medicine today.

Use will be made of the Standard Reference Ranges in today's Pathology to derive new standards in preventive medicine called Optimum Values. These will form the basis of a new subject called Anti-Aging Pathology.

We will also go through Clinical Studies supported by Pathological evaluation of various organs of the body to prove beyond all doubt the capability of this science to Anti-age the body and achieve longevity well beyond a 100 years of age, coupled with aesthetic and cosmetic changes to the body.

This irrefutable proof of anti-aging the body will remove the last traces of the controversy about Anti-Aging Medicine as a valid medical science and the existence of Toxins in the body. Armed with this science we are now able to prove aging as a pathologically detectable disease.

We will go through three steps of Anti-aging:

- a. Detoxification;**
- b. Rejuvenation; and**
- c. Intracellular Nutrition**

Detoxification the 1st step in Anti-Aging.

When one looks at a machine, or for that fact, at an Automobile, one knows that it must be periodically serviced to ensure trouble free service and long life. A machine is also subject to periodic repairs where parts need to be replaced to ensure its smooth operation.

The human body is also like a “machine”. It has various parts that need to be periodically serviced and repaired, in order to maintain it in perfect working condition for more than one hundred years.

Detoxification presupposes the presence and accumulation of large amounts of Toxins in the body. This situation can be likened to an unserviced car emitting jet black smoke from the tail pipe. It then dawns on us that servicing is now due. On the other hand, or on a higher note, the concept of **Nontoxification** envisages a continuous process of regular servicing, maintenance of the various organs and periodic tune ups of the body. Toxins are really never allowed to accumulate in the body.

The Liver helps to neutralize toxic chemicals, biological poisons and toxins produced inside the body and must be kept at peak health all the time in order to cope with this daily burden. So also the main excretory organs like the kidneys and the colon must be kept working at peak efficiency throughout one’s life.

The foundation of Anti-aging and Longevity rests upon periodic cleaning out the Colon, Kidneys, Liver, Lungs and Blood of toxic waste build up and servicing and repairing these vital organs including the Heart. Keeping all the excretory organs of the body like the Colon, Kidneys, Lungs and the Skin working at peak efficiency will ensure minimal toxic build up within the body.

To understand this concept of servicing and repairing of organs we need to understand how to properly evaluate the functioning of these organs by Standard Pathological Tests and further continue to evolve newer Pathological Standards to judge if these organs are now working at peak efficiency and capacity as are found at youthful levels. This requires us to read and interpret the results of these Standard Pathological Tests in an entirely different manner commensurate with our goal of Anti-Aging.

To give an example, let us take 3 commonly used parameters: Creatinine, Blood Urea Nitrogen (BUN) and Serum Uric Acid to evaluate the functioning of the Kidneys.

Renal Function Tests	* Standard Reference Range & Units
Serum Creatinine	0.5 to 1.5 mg/dL
Blood Urea Nitrogen (BUN)	4.5 to 21.0 mg/dL
Serum Uric Acid	3.6 to 8.2 mg/dL

* Correlate with Clinical Symptoms

Table 1 – Standard Reference Ranges

In order to maintain the body in a state of perfect health and to achieve longevity, we now need to define a concept called **Optimum Values** which are those that are found in perfectly healthy young people. The goal of Anti-aging should be to maintain these good values for more than a 100 years during the life of the person.

Renal Function Tests	Optimum Value & Units	Standard Reference Range & Units	Remarks
Serum Creatinine	0.8 mg/dL	0.5 to 1.5 mg/dL	For good elimination of Toxins through Kidneys
Blood Urea Nitrogen (BUN)	12.0 mg/dL	4.5 to 21.0 mg/dL	To prevent Kidney failure / disease
Serum Uric Acid	5.0 mg/dL	3.6 to 8.2 mg/dL	To help reduce aches and joint pains / arthritis

Table 2 - Sample of some Optimum Values for Perfect Health

A good Detoxification Process of the Kidneys, should help a fairly healthy person, to change his or her Kidney profile to closely match the values given under the Optimum Value column. These are the values that form the standards for **Anti-Aging Pathology**.

A similar analysis can be done for the liver using standard pathology tests and optimum value standards to return the Liver functions back to healthy youthful levels.

Liver Function Tests (LFT)	Optimum Value & Units	Standard Reference Range & Units	Remarks
Serum Bilirubin (Total)	0.8 mg/dL	upto 1.5 mg/dL	Improved Liver function and Toxin neutralization
SGPT (ALT) serum	20 to 24 U/L	0 to 48 U/L	
SGOT (AST) serum	15 to 20 U/L	5 to 42U/L	
GGPT (Gamma GT) serum	20 to 30 U/L	12 to 64 U/L	

Table 3 - Sample of some Optimum Values after Liver Detoxification

Here is a list of some of the Optimum Values that can be achieved after an elaborate Detoxification Process.

Test Description	Optimum Value & Units	Standard Reference Range & Units	Remarks *
Hemoglobin Females Males	14.0 g/dL 16.0 g/dL	11.5 to 15.0 g/dL 12.5 to 17.0 g/dL	Helps to maintain good Energy levels through out the day
Serum Iron	125 µg/dL	60 to 180 µg/dL	For good hemoglobin values
Serum Creatinine	0.8 mg/dL	0.5 to 1.5 mg/dL	For good elimination of Toxins through Kidneys
Blood Urea Nitrogen (BUN)	12.0 mg/dL	4.5 to 21.0 mg/dL	To help prevent Kidney failure / disease
Serum Uric Acid	5.0 mg/dL	3.6 to 8.2 mg/dL	To help reduce aches, joint pains / arthritis
SGPT (ALT) serum	20 to 24 U/L	0 to 48 U/L	Improved Liver function and Toxin neutralization
SGOT (AST) serum	15 to 20 U/L	5 to 42U/L	Improved Liver function and Toxin neutralization
GGPT (Gamma GT) serum	20 to 30 U/L	12 to 64 U/L	Improved Liver function and Toxin neutralization
Serum Bilirubin (Total)	0.8 mg/dL	up to 1.5 mg/dL	Improved Liver function and Toxin neutralization

* It is presumed that all Nutritional Levels of Minerals and Vitamins have been corrected at Intracellular Levels and also brought to Optimum Value.

Table 4 - Sample of some Optimum Values after Detoxification

So today, we have correlated Detoxification to Pathology and now we are in a position to return the body back to healthy youthful levels found in young people. This, obviously, would be the first step to Anti-aging and its periodic monitoring.

Rejuvenation the 2nd step in Anti-aging.

Let us now talk about **Rejuvenation**. One of the most important causes of accelerated aging is poor Digestion. This can be due to poor Gastric Acid flow, or poor Bile flow or poor Enzyme production or a combination of all these factors. Inefficient digestion, which is characterized by bloating, gas, burping, acid reflux, flatulence, etc. results in improper absorption of Nutrition from the food we eat. We all know, that lack of proper Nutrition can cause accelerated aging and even death. Hence, in Rejuvenation we must look at ways and means to improve digestion, regenerate liver cells to improve Liver Function and bile flow and rejuvenate the Pancreas to increase the production of Enzymes like Protease, Amylase and Lipase to help properly digest Proteins, Carbohydrates and Fats respectively.

If the digestive tract is damaged, due to the use of let us say antibiotics, we would like to recoat and rebuild the mucus membrane lining and also reseed the intestine and colon with

healthy bacteria (Probiotics) to aid digestion and naturally produce B-Complex Vitamins for the body.

Luckily, all this can be done through the use of Herbs and Nutrition. A good Detoxification and Rejuvenation Program will create a healthy glow on the face of the person and make them look and feel years younger than their present physical age. This is how we can create Natural Anti-aging which people around you cannot help but notice and give you rich complements. Perhaps, they may venture to ask you if you went for a facial or were in the Himalayas on a vacation away from pollution and stress of urban living. The answer is: “I have serviced and repaired my body and now I experience the same energy levels that I did when I was much younger”.

So now, we have understood the second step of Anti-aging and how to evaluate and monitor this by simple Pathological Tests.

Here are some clinical studies done during the past few years at our Health Center:

Patient: Male, Age: 25 years, Height: 6ft., Weight: 162.4 lbs (73.8 Kg.), Diet: Vegetarian (Ref: TH)

# After 12 weeks of Whole Body Detoxification + Intracellular Nutrition						
## After 20 weeks of Whole Body Detoxification + Intracellular Nutrition						
Intracellular Nutrition requires the use of Therapeutic Doses of Nutrition to be given by altering Cell Membrane permeability coupled with a carrier mechanism to deliver Nutrition to the Center of the Cell where it is required.						
Hemoglobin levels are measured after discontinuing Nutrition for about 5 to 7 days prior to drawing blood sample. This ensures that there is proper retention of Nutrition at Intracellular levels and the reading do not pertain to serum levels which are likely to be excreted from the body in the normal course of a few hours after ingestion.

Case Study No. 5

The above is a Case Study on Kidney Servicing, Detoxification and Rejuvenation. The patient is taken from the precipice of Chronic Renal Failure to good health. Here the Kidney function has been returned back to youthful levels in a matter of a short period of 7 weeks.

Here is an example of using Detoxification and Rejuvenation to achieve Whole Body Sculpting.

Your Quest For A Perfect Body Ends Here !

Let us now go on to **Intracellular Nutrition the 3rd step of Anti-aging.**

Here, I would like to discuss the use of **Intracellular Nutrition** to repair and rejuvenate the various organs of the body including the entire Cardiac System.

You will all agree with me, that Anti-aging will not make much sense, if we were not to know how to free the human body of Chronic Ailments like Hypertension, Diabetes, Hormone Imbalance and its connected diseases, Obesity and Cardiac Diseases of all kinds, etc.

To me, Anti-aging means, the ability to live to more than 100 years, free from chronic ailments and medication of any type. To achieve this, we must look at Nutrition. Not just any old Nutrition, but Intracellular Nutrition and the ability to check and correct Nutrition deficiencies in a matter of a few weeks or months. This Nutrition, should allow us to repair the organs of the body, like say the Heart for instance. We should be able to correct the ECG or improve the Ejection Fraction of the Heart, no matter what the physical age of the person. The concept of this science and the word Orthomolecular Medicine was coined by the Nobel Laureate Linus Pauling in 1968 about 40 years back.

To understand how and why this is to be done, let me explain a few important factors.

1. With the over cultivation of the land and the consequent falling Nutritional Value of the soil and hence of the food we eat, the human body has during the last 50 years progressively become malnourished. This has given rise to chronic ailments of all types. A method must be found to correct this deficiency in a very short span of time – few weeks or a few months. For info: www.space-age.com/nutri-farm-seminar.doc
2. To achieve this
 - a) One must be able to administer Nutrition in an organic form in therapeutic doses. Prophylactic doses presently available at the local Pharmacy, Chemist or Health Food Store cannot however find any use here.
 - b) The doses administered must reach Intracellular Levels i.e. the center of the cell where nutrition is really required and not just the Serum level as most Prophylactic Nutritional doses do. For more info: www.space-age.com/Multivitamin-FAQs.doc

To achieve this, one must have at ones' command two technologies:

- 1) a capacity to alter cell membrane permeability; and
- 2) a carrier mechanism to carry nutrition to the center of the cell where it is required.

Let me explain the need for this in more simple terms.

Imagine, a time few hundred years ago, a soldier on horseback with a sword in his hand outside the thick walls of a Fort. By himself, the soldier will not be able to penetrate the thick walls of the Fort. Now imagine Canon Balls being fired at the thick walls of the Fort. These Canon Balls will soon create an opening in the walls of the Fort through which the soldier will now be able to enter the Fort.

The Canon Balls have changed the permeability of the walls of the Fort. The horse is the carrier mechanism to help carry the soldier inside the Fort. The soldier is the Nutrition.

Orthomolecular Nutrition when equipped with cell membrane permeability altering capabilities and further equipped with a carrier mechanism to easily carry the nutrition inside the cell to its center is the basis of Intracellular Nutrition.

For info: www.space-age.com/Multivitamin-FAQs.doc

Now, we couple this with Therapeutic Doses of Nutrition, which when correctly administered in a synergetic manner at Intracellular levels, can help to free the body of chronic ailments like Hypertension, Diabetes, Hormone Imbalance with its connected diseases like Hypothyroidism, Prostate Enlargement / Inflammation, Obesity and also help to repair hardened arteries, improve the Ejection Fraction of the Heart and also repair minor damages to various other organs of the body with a fair degree of accuracy.

Case Study No. 7

When we combine Detoxification, Rejuvenation and Intracellular Nutrition we can truly achieve Anti-aging in a very gentle and natural manner. The whole body will uniformly undergo Anti-aging and will not only look but will also feel years younger and will with dedicated effort stay that way for years to come perhaps well past the age of one hundred years.

Today, I am very proud to say that at SpaceAge Natural Health Center in Mumbai our Doctors are able to achieve this by means of a totally natural and drugless therapy with a success rate of over 85%.

The face will look years younger, the body dimensions will change (**Whole Body Sculpting**) and the complexion lighten. Dark patches on the skin can be removed or considerably lightened, the abdominal dimensions reduced to give a perfectly flat abdomen, to point well past what regular exercises at the Gym can achieve. This is the concept of **Beauty Inside Out**. 80% of the focus of the treatment must be inside the Body and the balance 20% must be in the form of topical treatment. This kind of treatment would have effects that will maintain over a longer period of time. If this topical treatment can have intracellular penetration, we can also rejuvenate the skin and tighten it, reduce the wrinkles and create an instant face lift. Combining the capabilities of Intracellular Nutrition with Cosmetics results in a new concept called **CosmeNutricials**. For more information visit: www.CosmeNutricials.com

Going inside the body to cleanse the major excretory organs like the Colon and Kidneys will reduce the toxic load on the skin. Dark patches and skin discoloration can be greatly reduced and / or removed with ease. If the insides of the body are not clean, no amount of topical applications and cleaning procedures will really be effective in the long run. The severity of Pimples and Acne can also be reduced by proper Detoxification and cleansing the body on the inside. This is the concept of **Beauty Inside Out and Natural Aesthetics**.

Obesity can be corrected by identifying the underlying medical causes that result in repeated weight increases and procedures can be outlined to resolve them with lasting effects. Body Fat can be reduced with permanent lasting effects.

Here is a case study done showing reduction of abdominal dimension by 5 inches in a period of only 7 weeks. This has been achieved by cleaning out the Colon and improving Digestion so that the distention in the abdominal area due to gas formation and toxic waste build up is eliminated. This is a natural method of Body Sculpting.

More details can be found on our website at:

Here you will also find: 5 medical reasons that cause weight / fat increase and how to correct these for a lasting effect. How to naturally lower TSH and gradually taper off the dose of Thyroid Hormones – Eltroxin or Thyronorm or Synthroid being administered to the patient? For more info: www.space-age.com/thyroid.html

How to naturally lower Hypertension or Blood Sugar levels not responding to allopathy?

How to correct and reverse Osteoporosis? Why not to administer Calcium on a continued basis. Why excessive Calcium can be quite toxic to the body and causes calcium deposits on the walls of the arteries, kidney stones and osteoarthritis. Refer my article on Osteoporosis which appeared in the My Doctor Magazine in the November 2002 issue. For more info: www.space-age.com/calcium_osteoporosis.pdf and Osteoporosis Revisited 2007 which can be www.space-age.com/OsteoporosisRevisited.doc

You will also find in these articles how Osteoporosis can be caused by excessive Calcium especially Calcium Carbonate supplements – natural or otherwise.

How to remove Calcium and plaque deposited on the arteries to avoid a Bypass Surgery, etc. etc. Everything you need to know about Anti-aging and living to more than one hundred years in perfect health free from chronic diseases and medication. For more information visit: www.space-age.com/bypass.html and www.space-age.com/andro.html

Here you will find a detailed and a pioneer paper supported with Clinical Studies entitled:

Detoxification – Myth or Reality? A Pathological Evaluation.

The Abstract, the complete text and Frequent Asked Questions can be found at this link: www.space-age.com/detox.html

Also here you will find my article on Modern Methods of Reading & Analyzing Pathology Reports For Optimum Health & Long Healthy Life and why the present methods of reading and interpretation are antiquated. This is the bases for Anti-Aging Pathology. For more information visit: www.space-age.com/pathology.pdf

These treatments we have discussed today are complementary to mainstream medical treatments and can serve as both pre or post treatment procedures and also help in maintenance of the good effects of the surgical procedures that are going to be discussed later today.

Foundation For Reverse Aging The Body.

We recommend a Basic Detoxification and Rejuvenation Program to achieve optimum results in Anti Aging the body. Our Detoxification & Rejuvenation Program comes with a easy to follow calendar guiding you on a day to day basis on how to Detoxify / Rejuvenate the various organs of your body in a systematic manner all in the privacy of your own home and at your own pace. All this is achieved using safe natural herbal dietary supplements.

The complete rejuvenation of the digestive system ensures that proper nutrition is absorbed from the food you eat and the supplements you take. Nutrition is the basis of repairing, regenerating and anti-aging the body. Without proper nutrition the body will begin to age rapidly and will also manifest chronic diseases like high blood pressure, type 2 diabetes, hormonal imbalances, and other cardiac diseases.

Compatibility of Detoxification / Rejuvenation Kits with other Medical Systems

Standard Whole Body Detoxification Kits and Rejuvenation Kits can also serve as follow up treatment to standard Panchakarma procedures done at any Ayurvedic Center. They are specially useful for foreigners who visit India for Ayurvedic Health Care and can be given as kits for follow up treatment to maintain their good health till they return back to India. Detoxification and Rejuvenation Kits can also serve as a pretreatment procedure to be done by NRIs and foreigners who wish to visit Ayurvedic / Nature Cure Health Resorts in India for their treatment.

These Kits are also compatible and complement the treatments done in Siddha, Homeopathy, Varman, Acupressure, Acupuncture, Reflexology, Unani, Rekhi, Pranic Healing and other Medical Systems.

Anti-Aging Case Studies

1. Ms. J & Mr. D

Ms. J (63 years old) and Mr. D (75 years old) are two senior citizen American volunteers at a NGO which operates an Educational Trust in India.

They have been in India for 7 years and have virtually become Indians. They left US after the "boom to bust" of 2008 and decided to spend the rest of their lives looking after the Adivasi villagers (natives) in rural India.

They have both begun a Detoxification and Rejuvenation cum Anti-Aging Program at our Health Center. Here are their experiences.

Attached are some extracts from their weekly feedback which makes interesting reading and gives us a great insight into the actual process of anti-aging the body and what happens with each passing week.

=====

At the end of the 1st week:

We wanted you to hear a positive report from us this week, as this is what we are feeling.... We are both feeling so much better this week... clearer, cleaner, more energy, a feeling of letting go of toxins, less puffiness.

Thank you for guiding us to better health!!!

Blessings,
J and D

=====

Dear Pramod.....thank you for your interesting and description of the very timely work you are doing in super-nutritional agriculture. I have felt for years that we and the people of this area, perhaps most of India, and the world in general is suffering from malnutrition and a very narrowed range of healthy food products. I am very interested in learning more about your work and how it can be adapted here in our villages.

=====

Dear Pramod: Already I am feeling and functioning better :) :) It seems to be largely the colloidal silver effect. You may recall that I was loosing balance, but that has quickly gone and I am back to balance and confidence in my step and positioning.....also the brain fog is lifting.....and the urine flow is better.....so yeah! Anticipating more improvement and thank you!!

Yours in healthy happiness and loving kindness d

=====

I would like to introduce you to Pramod Vora, the health consultant at SpaceAge Clinic, that D and I are now meeting with to address our own health issues. We are very impressed with his ability to identify some underlying health challenges we face that the allopathic medical world overlooks. Not only does he identify via the use of blood tests, but also recommends what supplements need to be taken, and what health practices need to be adopted to get the healthy body we desire.

Pramod Vora has written this informative article on Nutritional Farming that I believe you might find interesting in terms of our ongoing Agriculture Projects.

Also, Pramod has information on using silver to clean and purify water.

Blessings,
J and D

=====

At the end of the 3rd week:

Dear Pramodji!

We continue to feel better, cleaner & look more youthful.....in only three weeks.

We have referred you to our dear friends... B & A. We gave them a copy of your book. We believe they will be calling you!

One of our friends in the states would like to know when you will be in LA again.

Many Blessings to you & your staff!
J & D

We are so thankful for our on going detoxing & can see the difference, as can our friends.

Your program is fantastic & speaks for itself!

Love & Blessings!
J & D

=====

Dear Dear Pramod.....many many thanks for the amazing rejuvenation I experience from your program. I have gone from shaky unbalanced gait to secure in my standing and walking, the brain fog has lifted, and I am a bit friskier in comparison. It is so good to feel this good again in only 3 weeks. I am looking forwards to what comes next doing this rejuvenation program.

Many blessings to you and your work.
Love and happiness
D

=====

Conclusion:

This is a good example of what positive thinking can do to the human body.

The human body is like a machine, which also needs periodic servicing, maintenance and repairs (like an automobile), but with living organs which constantly rebuild and repair themselves. We still need to service and maintain the human body.

The body is the hardware which obeys the commands of the software (thoughts) that runs it, just like a computer. The computer is the hardware that cannot do anything without the software. The software decides what the computer (hardware) will do.

So also, thoughts (our software) will determine what the body (hardware) will do. So positive thoughts repair and rebuild the body and negative thoughts destroy the body. These are the fundamentals of health / body care and anti-aging.

Herbs, nutrition, exercise (yoga), meditation *"are the catalysts and the accelerators in the chemical reaction called anti-aging"* that propel the body at higher speeds and efficiency. Thoughts are the foundation.

Without positive thoughts and visualization there is nothing.

=====

Dear D and J,

You said:

"I am looking forwards to what comes next doing this rejuvenation program."

What may come next is up to you to decide what you want and where you would like to go.

The magic to make you start thinking "higher than the Himalayas" was created during our first crucial meeting.

The rest is for you to decide.

=====

In the 4th week of the Program

Dear Pramod.....I feel like thanking you again, as I am constantly experiencing emerging from a matrix of health limitations that have gradually built up over the many years.

Blessing to you and your work.

D

=====

At the end of the 8th week of the Program

Dear Pramodji.....

We are both doing better and better. I finally have come out of the rather heavy detox feelings... and finding a new strength. I decided to put up with the pain in my knees and just finish the Kidney supplement. I am happy to say, I am almost finished with it, and my knees no longer hurt and are not swollen.

I can climb the two flight of stairs to our bedroom now with ease and freedom.

I am waking up earlier and earlier, too.

I don't have the sickley look I had.
So, I am pleased.

Blessings and Gratitude,

J

=====

My results of your health program are just marvelous, especially considering that before I started your program 2 months ago, I felt that my life was ebbing away and I might soon be gone from this world.

The loss of balance and insecurity about falling went away 2 weeks into the program.

My sinus problems cleared in a month.

My age spots are fading away.

The mental fog and memory affliction has largely receded.

My varicose veins seem to be disappearing.

The flow of urine is greatly improved.

I often feel young and a bit frisky

My interest in having effect in the world has returned.

What's not to like about these results?

Again, I am most grateful for the renewed vigor, strength and clarity you have given me.

So, in the most positive spirit of things, what lies ahead for us?

With love and appreciation for all you do, D & J

"My results of your health program are just marvelous, especially considering that before I started your program 2 months ago, I felt that my life was ebbing away and I might soon be gone from this world. "

My reply:

You have much to do on this physical plane and I have been entrusted with the task to make sure you complete all the tasks you had chosen before coming down to this plane. :-)

"My interest in having effect in the world has returned."

Yes, there is much left to be done.

We will continue working on all your future health goals in a gradual and logical manner. But first we had to create a good foundation.

Thank you for all your love and appreciation.

Much appreciated.

At the end of the 16th week of the Program

Happy New Year Pramodji!

We are both well. Feeling a base of strength that is evident when I climb two flights of steps to our bedroom on the third floor(Indian second floor). Very nice to feel capable again.

Blessings & Appreciation,

J

HAPPY NEW YEARS GREETINGS PRAMOD!

We appreciate so much your help with our health! And we hope and trust that you are of great benefit to many.

I seem to be quite happy and much stronger, though not yet twentyish yet, ha, ha.

We shall make this new year the best ever. Love and happiness

At the end of the 18th week of the Program

Hello Pramod and best wishes for your health and happiness. I am delighted to tell you that the addition of coconut oil in my ears at bedtime seems to largely restored my hearing after less than a week of treatments. Not much wax came out, but the result is wonderful none the less. I am surprised to find that i can attend a meeting of people and hear everything that is spoken. Such a great gift this is to me..... i am quite grateful... thank you.

Also it appears the spider veins and bluish discoloration of my ankles/feet is disappearing along with some of the varicose veins.

These are great results of the continuing program and of course i am very happy about this.

May all be healthy and happy.

Dear D,

I am really happy for you and the results you have achieved so far.

You have set an example for the whole world to truly understand what anti-aging is all about.

You have helped establish that though we all live in a highly stressful and polluted environment, which causes premature aging of the body, there is a way to reverse these effects.

Thank you for your positive attitude and timely updates.

These are highly appreciated.

As I wrote earlier you have grasped the essence of anti-aging - Thoughts are the software and the human body is the hardware. The software (thoughts) decide how the hardware (body) will behave / heal.

Blessings,
Pramod Vora

Testimonials: A4M Seminar at Orlando, Florida - April 2009

Dear Dr. Pramod Vora,

I just attended your lecture here in Orlando. I really enjoyed it. My wife and I are both here and are both OB/GYN physicians. We really need to know more about your therapies. Can we meet you here or do we need to come to your clinic to get more information on your treatments.

We really look forward to learning more about your therapies and possibly meeting you.

Thanks,

JH, M.D. FACOG

KH, M.D. FACOG

Dear Dr. Vora,

We really enjoyed meeting with you at the A4M meeting. We are very excited about all we learned and look forward to our personal consultation with you about our personal health.

Because we are OB/GYNs, we want to quickly begin implementing the transdermal hormone therapy into our practice. Many of the American compounding pharmacies that we saw are still using cream filled syringes.

Please call or email me at you convenience to discuss this further. Thank you for your time.

Thank you,

D and K H, OB/GYN

Dear Dr. Vora,

Thanks for your reply. We are very excited to work with you. Your costs are well below everyone else. I can't wait to talk with you on the phone. If I don't answer straight away its only because I'm in a C-Section or delivery. Otherwise I can answer 24 hours a day (I'm very used to being called in the middle of the night if you're back in India)

Talk to you soon.

D H, OB/GYN

Hi Pramod, I just received your email from Dr. RR, MD. He is with the California Institute and I am the Director of the Florida Institute. We have known each other for years and work together. Your email was fascinating and I would love to hear more. If you have the time, please call my cell. I look forward to hearing from you.

Warm regards,

HELLO! First of i would like to congratulate for your towering success. It is a really a great achievement & we are proud of you, being your patients. I will write a short summary with my fresh investigation in couple of days. We will cooperate in your massive project & pray to god that you will finish it before time. Please let us know any help from our side. I request you to consider me or DR.C as your trainee in this upcoming science under your expertise.

THANKS

& DR. CP, M. D., D.G.O., OB/GYN

Dear Sir

Congratulations!!! though it has definitely not come as a surprise to me.

Your work has always reflected that its premise is highly scientific and evidence based.

All your patients, which includes me, have been blessed with good health since they undertook your program, however it does feel nice to get an acknowledgement especially from the world experts in this field.

Your work has been included in the textbook for anti-aging but I guess I will feel you have reached your goal only when your text book gets published and reaches the needy.

Like you always mention, you have a spiritual mentor behind you but the fact that he has chosen you to be the custodian of this priceless knowledge reflects on your ability to deliver it.

Incidentally, I have spoken about you to the committee in charge of the CME program at my Hospital and they were tentatively deciding a suitable date to invite you to talk to our consultants . Even a peek preview into the vast ocean of knowledge that you have gathered would help them a long way besides making them pause and think and probably mend a few ideas which have been dogmatically prevalent.

I once again congratulate you sir and thank you for helping me and many others with your magic wand.

May god bless you and be with you always

Warm regards

Wow, thanks for this.

I will be happy to take a look at this.

It would be interesting to be a patient myself and I appreciate the materials you have sent.

I will get to this as soon as I can :D

I really enjoyed meeting you too :)

Dear Pramod,

I am glad to receive your e-mail. I have no doubt that you will continue to receive many more accolades and recognition in time to come.

I am looking forward to meeting you at the A4M, San Jose Conference and learn the various programs from you.

I wanted to ask you about the current swine flu problems in India and what are your recommendation. Do you have injectable vitamin C? What is the cost of Silver kit that you have? Let me know.

Also looking forward to your book.

Dear Pramod,

I meant to write to you on my return from that long trip that started in India.

I wanted to tell you that I found your talk at Khajuraho one of the best I have heard.

"I think it has been one of the most enlightening lectures that I have heard, as you managed to encapsulate a lot of facts and interesting aspects to the clinical management by using botanicals in a very scientific way."

Dear Dr. Vora,

Firstly heart felt greetings to you and Congratulations!! on your achievements.

Trust all is well at your end and at the clinic.

I am really very grateful to you for sparing your precious time in sending such a detailed email to update me about the events that occurred in the past six months.

Congratulations!! once again on becoming the Faculty Member of the International Antiaging Forum and for being able to present your paper at various conferences.

I am grateful to you for appreciating my miniscule contribution if any, towards your paper presentations and also glad to be a part of the clinical studies at the centre.

The Detoxification program done at the centre for me and my family did a lot of positive changes in each one of us in different areas of imbalances that we had.

I am aware of the capabilities of the program and have also experienced the same. The knowledge that i have gained at the centre under your guidance cannot be explained in words. It has changed my approach towards life and towards medical treatment in total and I am grateful to you for that. Now, I have become more calmer and started analyzing different aspects of a problem before making a decision.

I was attending to my mother's health in the last few months as she needed lots of physical rest and emotional support as she is passing through her menopause. Hence I accompanied her to my native place in the month of May during my children's school vacation. Her Hemoglobin has risen to 14g% thanks to your medical advice.

I have not repeated my blood tests lately as i was more involved with that of my mother's.

I wish you all success in all your future endeavors and projects and rocket speed in completing the textbooks of medicine as they will bring about a world of change in the field of medicine, both in their approach and in the treatment.

Do let me know, if you need my little contribution in any ways in your projects.

Please shower your blessings on me and my family at all times.

Wishing you success !!

Best wishes and regards,

Dr. RJ, M. B. B. S.

Sir,
Absolutely fabulous!!!
So so happy for u sir.
Keep up the great work.

Testimonials of Senior Medical Doctors

"What I am about to relate to you is a mind boggling and astounding story of Natural Health Care recently experienced by our family." - Dr. Yeshwant More, M.B.B.S. (Bom), M.C.P.S., D.G.O., SEM, ex Superintendent of Rajawadi Hospital, Ghatkopar and R.N.Cooper Hospital, Juhu, Mumbai

Date: September 13, 2003

I am Dr. Yeshwant More, M.B.B.S. (Bom), M.C.P.S., D.G.O., SEM, exmedical Superintendent of Rajawadi Hospital, Ghatkopar and R.N.Cooper Hospital, Juhu Vile Parle and O.S.D. in Health Department of BMC. I retired a few years back from the Cooper Hospital in Mumbai after a long career stretching over 32 years as the Superintendent / Chief of Staff of the Hospital. I am 64 years old having passed from the Grant Medical College in Mumbai in 1965.

My wife Dr. Kusum More, M.D., D.G.O. is a Gynecologist who has also retired a few years back as Senior D.M.O. of Chief of Staff of the Western Railway Hospital. She is 63 years old having passed from the B.J. Medical College Ahmedabad in 1964 and there after did her Post Graduation in Gynecology and Obstetrics in 1968 in Bombay.

We own a Nursing Home in Kurla, Mumbai since the last 32 years.

Our son Dr. Tushar, M.B.B.S., D.A., Bombay and daughter Dr. Suchitra, M.D., D.G.O., Bombay and daughter in law Dr. Vinal , M.S., Bombay and brother Dr. S.N.More, B.A.M.S., are all Doctors. So you can see we are a family of Doctor who collectively represent over a 100 years of clinical experience.

What I am about to relate to you is a mind boggling and astounding story of Natural Health Care recently experienced by our family.

My wife Dr. Kusum developed serious Diabetes during her first pregnancy, two months prior to delivery of our first child. She went into Ketosis in August 1967 and had to be rushed to the hospital. After delivery on October 6th there was no trace of Diabetes.

In 1975 Diabetes was again detected and controlled through oral medication. After the loss of our daughter in April 1978 she again went into Ketosis and had to be once again rushed to the Jajivan Ram Hospital in ICC Unit. She was immediately put on Insulin which she had to take for 3 months and later switched over to oral medication by which she was able to maintain normal blood sugar levels. Subsequent in two pregnancies she had no trace of diabetes.

In 1979 she lost her mother and immediately suffered Myocardial Infraction in September 1980 and had to once again start taking insulin.

Over the years the dose of Insulin gradually increased from the year 1998 and finally reached 30 units in the morning + 30 units in the evening = total of 60 units of insulin per day. Even with this dose of 60 units per day, there was no proper control of her blood sugar.

Her overall health condition gradually deteriorated and in her Stress Test in Jan 2001 was Positive in 2001. Dr. Kusum's Angiography report showed severe blockage in LAD and Collaterals (April 2001).

By January 2003 she was suffering from the following symptoms:

Breathlessness on exertion and during bath
Cramps in feet and legs
Neck Muscle pain, cervical and lumbar spondylitis
High frequency of urination
Hip Joint Pain
Back ache
Dryness of skin along with burning sensation on cheeks and mouth area
Pain inside throat and behind the ears
Pain in lumber region and sacroiliac joint
Dark Circles around the eyes
Reduced of hearing in left ear
Hot Cold Flashes
Swollen Feet / Ankles
Breast tenderness
Mood swings / Depression
Insomnia
Dry Aging skin
Anger / Irritability

She was taking the following allopathic medication for treating the symptoms of the diseases:

Atenolol 50mg twice a day
Angispan 6.5 mg twice a day.
Coversyl 4mg
Euglucon 2mg
Teralfa 1mg
Atenovastin 20mg
Alprax 0.25mg
Myodrops

I had been routinely receiving announcements of Health Counselor Pramod Vora's Seminars for Doctors in the Juhu Area and had the opportunity of attending some of them and learning more about the other point of view, where Modern Medicine focuses on the study of Wellness and Prevention of Disease as opposed to Western Medicine which is a very detailed study of Sickness and Diseases and its symptomatic treatment without any hope of cure. He spoke many times about the use of Orthomolecular Medicine to correct Nutritional Deficiency at intracellular levels, which was the root cause of all Cardiovascular Problems and Diabetes. Frankly speaking, I was impressed with his knowledge and the results he was achieving at his Health Center in Mumbai and the very large following of Patients who were qualified senior Doctors of Bombay that he had had the opportunity to help. In my 35 years career at various Hospitals in Bombay I had not seen anything like it. I also had the opportunity of attending / had received the proceeding of his Seminar on By Passing the By Pass and Lower Hypertension on January 19th of 2003 where I heard the live Testimony of two very Senior Doctors Dr. Pravin Kenia and Dr, Praful Dave who had been helped to overcome their very chronic Cardiac, Hypertension and Diabetic challenges which were not responding properly inspite of extensive Allopathic Medication that they were on.

So one fine day, in January, my wife Dr. Kusum and myself took an appointment and decided to go and talk to him and find out what his recommendations were. He studied Dr. Kusum's past medical records and spoke to us in detail for over one hour. Later on that evening, after we had left, he wrote out a Protocol of Treatment for her after studying in detail the medical records that we had left with him. The Protocol was a result of the Root Cause investigation, diagnosis and treatment.

We started the Treatment in early March 2003 based on his Natural Protocol comprising only of Herbs, Nutritional Supplements and some Dietary Changes. There were no drugs, chemicals or

steroids or hormones involved in his recommended treatment. The Protocol addressed all areas of imbalance of the body, like pH, Fat Mass Reduction, Nutritional deficiency, blood sugar levels, Hormonal Imbalance, Complete Cardiac Overhaul, Detoxification and correction of Dietary Imbalances.

The Protocol appeared so simple, that it was difficult to believe at first that it could bring the body of Dr. Kusum with its chronic problems spanning over two decades back to normal. But with each passing week we began to notice that the Blood Pressure and Blood Sugar and Cardiac symptoms began to diminish and she was able to reduce her dependence on the allopathic medication which she had been taking for the past two decades.

Being worried about her Angiograph which showed extensive blocks on left side and collaterals, we had tried last year a product called Myodrops for over six months without much success. The symptoms of Breathless just did not improve even after administering this Herbal formulation for twice the duration normally recommended.

Now within a few weeks of starting the Program we noticed her condition began to improve noticeably. Her breathlessness disappeared and she could resume her walks and could climb stairs without any difficulty.

With the diminishing of the Hormonal Imbalance her hot flashes reduced, water retention in her feet and ankles disappeared and she became calmer and more relaxed, less irritable, losing her temper less frequently, and the confusion in her mind began to diminish and she became more focused and decisive rather than the mental confusion and turmoil of the past. With each passing day the symptoms kept reducing and she became a very pleasant and easy going person like she was many years back.

Her Hypertension medication was reduced gradually and her insulin levels were cut back each week a little at a time. On June 25th she was taking 4 units of insulin the morning and 6 units in the evening. Her Blood sugar levels were Fast = 93mg/dL and PP = 120mg/dL. By July 7th she had totally stopped insulin and was able to maintain proper sugar levels by following proper dietary habits.

In early September 2003 she was only left on Atenolol 25mg b.i.d. and her Diastolic was going precariously low to 70 and below and she was constantly complaining of giddiness. Health Counselor Pramod Vora recommended that we maintain her diastolic around 80 which per body was comfortable with and not to overdose her with Atenolol. We have therefore reduced her to 12.5mg Atenolol twice a day and look forward to the disappearance of her discomfort.

On the recommendation of her Cardiologist, her Insulin levels in September 2003 are 8 units in the morning and 10 units a night. We could easily switch over to a tablet at this stage but would like to continue with this minimum dose of Insulin for some more weeks as the Cardiologists normally recommend Diabetic patients to take insulin over tablets. This is a great improvement over the $30 + 30 = 60$ units of insulin that she was taking in the past.

Her ECG reports are normal and her LVEF is 65%. She is now able to climb the staircase and go up 3 floors of a building non stop without panting.

We are more than completely satisfied with achievements of the Protocol drafted by Health Counselor Pramod Vora and do not mind recommending him to any motivated person seeking genuine health care for any chronic health challenge they may be facing .

I am sure he has the wisdom and insight to determine the root cause of any chronic ailment and to diagnose it and come up with a Natural course of treatment for it.

I am thankful to health Counselor Pramod Vora for his good treatment and for taking Personal Interest in my case.

I recommend him for all types of Chronic and difficult cases, and for Detoxification of Body where his Herbal and nutritional formulations are very effective. I am happy to recommend his Oral Chelation Therapy to any one who is in need of a complete Cardiac Overhaul.

"I started feeling better within two weeks of beginning the Program. My Breathlessness disappeared and I started feeling a sense of well being and got more energy to work. At the end of four weeks of treatment, there was further significant improvement in my condition." -Dr. Pravin B. Kenia

Date: December 02, 2002

I Dr. Pravin B. Kenia, 59 year old, came to Health Counselor Pramod Vora about two months back, for the problem of High Blood Pressure, Breathlessness, general weakness and Diabetes Mellitus - which I had since long time. In addition, my Angiogram done in June 2001 showed 90% blockage on Left side, 30% on Right side and 80% on Colaterals. There was heavy Calcification on the walls of all the major and minor arteries. I am a Family Physician practicing in Juhu Scheme since last 32 years and attached with two institutions practicing Allopathic Medicines. I was taking numerous Allopathic medicines for my treatment, but my Hypertension (high of 170/100) was uncontrollable in spite of heavy doses of Hypertension medicines; proper Diet control; and walking exercises.

I had previously attended Health Counselor Pramod Vora's lectures and Seminars for Doctors in Juhu Area on three different occasions and I was impressed and convinced with this thoughts and theories on Natural By Pass / Oral Chelation and other Health topics. So I decided to go to him in August 2002 and take his advice and treatment.

I took his appointment and he took my History and spent over one hour going through my Medical Reports, prepared a Custom Ten Week Protocol and gave me a Calendar for the 1st month based totally on Herbal Dietary & Nutritional Supplements like Cardio-Pak, Osteo-Pak, Kidney Care, Lung Clear, Liver Detoxifiers, Therapeutic doses of Vitamins, Energizer and other Herbs for lowering Cholesterol, Triglycerides etc. It was a totally Drugless Therapy which also stressed a lot on Diet containing Juices, Vegetables and Raw foods.

I started feeling better within two weeks of beginning the Program. My Breathlessness disappeared and I started feeling a sense of well being and got more energy to work. At the end of four weeks of treatment, there was further significant improvement in my condition.

I continued my Allopathic medication with his Natural Program. I had to take many capsules, but I was determined to take them with faith which was further re-enforced because of the results I was continuously experiencing every week.

First month was soon over and he gave me another Calendar and more advice for the second month during the second appointment. I was continuously monitoring my BP three times a day

and now all readings were under control (130/60). So I started small reduction in my Allopathic Hypertension medication. My Diabetes was under control, Urine Albumin, Serum Creatinine, Cholesterol, Lipid Profile readings all improved.

At the end of the second month, my early morning Blood Pressure came down to 120 / 60 and during the day my BP started remaining below 130 / 60 mm of Hg. I began further reduction of my Allopathic Medication as sometimes the BP dropped to 100/60 and I started feeling uncomfortable.

My Nephrologist, Diabetologist and Cardiologist also agreed that my readings I have improved and I am doing very well and agreed to allow me to a trial reduction in all doses.

Before I had come to Health Counselor Pramod Vora, I had undergone Angiography, Stress Test, 2-D Echo, etc. My 2-D Echo done 8 weeks after beginning the Drugless Therapy has improved and urine albumin for 24 hours had gone down. My 24 hours Creatinine Clearance Test has also improved. My 2D Echo showed that the enlarged Left Ventricle had finally returned back to its normal size.

For the 3rd month Health Counselor Pramod Vora has given me a much reduced Herbal and Nutritional Supplements Program which has fewer capsules and I am feeling even more energetic.

I am thankful to Health Counselor Pramod Vora for his good treatment and for taking Personal Interest in my case.

I recommend him for all types of Chronic and difficult cases, and for Detoxification of Body where his Herbal and Nutritional formulations are very effective. I am happy to recommend his Oral Chelation Therapy to any one who is in need of a complete Cardiac Overhaul.

"With a comparatively simple Protocol that he Custom Designed specially for her, she gradually became symptom free over the next 12 weeks of treatment. As a matter of fact she could move around in her house within 4 to 6 weeks of beginning the Program" - Dr. Rajendra Vora

About 1 year back, I had the opportunity, of bringing my close relative, a lady of 55 years, who had been advised a By Pass Surgery way back in Nov 1999 as she had a 90% blockage on the left side. By July 2001 her left side had reached 100% blockage and her colaterals showed 60% blockage. She was panting badly after even a few words and her movement in her own home was highly restricted. Climbing a stair case was impossible. But she refused surgical intervention, in spite of my advise and her own husbands pleadings. Finally, we brought her to Health Counselor Vora's Health Center at Andheri. He also advised her to undergo By pass Surgery. However she once again refused. With a comparatively simple Protocol that he Custom Designed specially for her, she gradually became symptom free over the next 12 weeks of treatment. As a matter of fact she could move around in her house within 4 to 6 weeks of beginning the Program and two months later did a trip to Palitana. A few months later she did a second trip to Palitana. Today 1 year later and after a six months of treatment she is almost symptom free and is leading

a perfectly normal life. She was truly fortunate to have met Pramod and to have seriously implemented his Protocol which she religiously did. His Protocols are a Drugless Therapy without any use of Chemicals, Steroids or Hormones; safe, totally Natural and Non invasive.

I and my wife have also done his Detoxification Program and noticed a marked improvement in the functioning of our bodies. As a matter of fact it left a youthful glow on our face which was noticed by everybody. I recommend every Doctor to experience it.

I am truly happy to have met Pramod and wish him all success in Modernization of Medicine and Ayurveda and in his Quest for Perfect Health for all and in continued education of the Medical Profession.

Sincerely yours,

Dr. Rajendra Vora, M.B.B.S.

"I must say that I was benefited only after four to six weeks of treatment, although the whole course of treatment was for three months. On the whole it was a smooth course and the response remained steady and sustained." - Dr. Dave

Date: 11.08.2002

I have the great pleasure in giving a testimonial to Shree Pramod Vora who gave me treatment for presistant Systolic hypertension of about six to seven years duration.

He gave me two long sessions for history - taking and counselling, each session of more than one hour duration, During which he was very particular to know in detail all the aspects of my case.

I appreciate his multi angular as well as holistic approach with good clinical judgement after careful and thorough study of my case and I also appreciate the treatment he gave me, particularly Ayurvedic herbal formulae - which proved to be a wonderful boon to me.

I must say that I was benefited only after four to six weeks of treatment, although the whole course of treatment was for three months. On the whole it was a smooth course and the response remained steady and sustained.

My family members and my self are really grateful to him and will always remain so, for what he has done for us.

"I derived a lot of benefits from Detoxification, Rejuvenation and Hormonal Imbalance Correction 3 month Program of SpaceAge Natural Health Care Center." - Dr. A. Awsare, MD; D.G.O. / Obstetrician & Gynecologist

Date: 13.09.2001

TO WHOM SO EVER IT MAY CONCERN

I derived a lot of benefits from Detoxification, Rejuvenation and Hormonal Imbalance Correction 3 month Program of SpaceAge Natural Health Care Center.

I am a Patient of Cervical Spondylitis with bilateral extra ribs. Of course I do exercises everyday. But pain in Cervical area was a constant feature with me. Along with that pain or aches all over the Body due to Osteoporosis, also reduced to a very great extent. I always had Gastrointestinal intolerance with allopathic Calcium preparation; which I do not have with Natural Calcium. Hormonal Imbalance Correction improved my Skin Tone which became softer; also people comment that I always look fresh and slimmer now. I also lost 3 to 4 kgs of weight may be due to Hormonal (i.e. Progesterone Imbalance)

I thank you Mr. Vora for this. I am still continuing Natural Calcium, Wild Yam which gives Natural Hormones to me.

Thanking you,

Sincerely yours,

TO WHOM SO EVER IT MAY CONCERN

I have personally experienced the Detoxification cum Rejuvenation Herbal Program of SpaceAge Natural Health Care Center. I have also experimented with their recommendation for lowering my Blood Pressure (for which I have been on Allopathic Medication these last 10 years).

I have achieved a 7kg (15lbs) reduction in weight without any alteration in my regular dietary habits and also experienced significant lowering of my Blood Pressure.

It has left me feeling lighter and more Healthy then I have felt in the last 10 years and have produced a youthful look on my face. I now look a few years younger than my Physical Age.

The Healthcare concepts developed by SpaceAge are very innovative and credible and their knowledge of Preventive Health Management is excellent.

I have no hesitation in recommending others to also experience SpaceAge Herbal Detoxification cum Rejuvenation and Nutritional Healing Programs.

TO WHOM SO EVER IT MAY CONCERN

This is to certify that I began a Herbal Detoxification cum Rejuvenation and Weight increase Program with SpaceAge Natural Health Care Center in April 2001.

I have increased by 4kgs in the first 4 weeks of the treatment. The Detoxification cum Rejuvenation has left a Youthful Glow on my face.

As of today my weight in 65kgs which is 7kgs increase over my earlier weight of 58kgs; my height is 5ft 10 inches.

I have received compliments from my family, friends and colleagues.

I am impressed with the Health Care Technology at SpaceAge and do not have any reservations to recommend others from benefiting from the same.

"I have achieved excellent results, which are unbelievable, within the 1st five weeks itself." -Dr. A. Shaikh

TO WHOM SO EVER IT MAY CONCERN

I had come to SpaceAge Natural Health Care Center with multiple Chronic complaints, such as: Migraine for last 20 years; Lower back pain and neck stiffness since last 15 years; Numbness & Tingling of both hands and legs 10 years duration; Gastrointestinal Problems such as Constipation and Acidity for last 20 years; Loss of memory and Concentration; Nocturia; Left side involuntary movements of the Facial & Eye muscles (after extensive Dental Root Canal work was done); and substantial Loss of Hearing.

I started on Detoxification, Rejuvenation and Hormonal Imbalance Correction Ten Weeks Program of SpaceAge Natural Health Care Center on August 1st.

I have achieved excellent results, which are unbelievable, within the 1st five weeks itself. Now in my 8th week of the Program. I have been cured of almost 90% of my Chronic Ailments. There has been a very substantial improvement in my Hearing.

I thank SpaceAge Center for this remarkable change which has left me feeling lighter and more healthy than I have felt in the last 20 years. It has produced a youthful glow on my face. People have told me that I now look a few years younger than my physical Age.

The Healthcare concepts devised by Mr. Pramod Vora are very innovative and his knowledge of Natural Health management is excellent.

I have no hesitation what so ever in recommending my Patients with Chronic Complaints to also experience SpaceAge Herbal Detoxification cum Rejuvenation and Nutritional Healing Program.

Thanking you,

Sincerely yours,

Dr. A. Shaikh

"The most incredible source of natural healing that I have yet to experience thus far in my life." - B. Nei

November 29th, 2002

Dear Arti and Paul-

It has been a GREAT pleasure to know you and your many products! Approximately one year ago I came to you for a "detoxification kit". I had heard about this process but had never experienced it. I was in a very bad state- physically and mentally. I had tried numerous vitamins and special diets in search of a natural solution. What I found through meeting Arti and Paul, was the most incredible source of natural healing that I have yet to experience thus far in my life. Both these individuals are so caring and incredibly knowledgeable in their fields of health. My results are many, but mainly I feel I have been given my life back through proper balancing of my hormones and nutritional needs. I went through the detoxification process and found it to be extremely gentle and quite uplifting! I had a peaceful feeling and a calmness about me... My physical body also reduced in size- naturally. My depression disappeared and I have had more energy than I can remember and a joyful attitude! I also wear the magnetic necklace daily and it helps ease any stiffness in my shoulders as well as give me energy. I also have my arthritic dog sleeping on a magnetic mattress and I have noticed great improvement of his leg. The first week I started on their herbs I noticed a big difference- as if my body and mind were finally being fed real nutrition! I have continued on these organic herbs for almost a year and will continue to do so. Along with the physical support and balancing from the products I have so appreciated Arti's emotional support. She has given me "coaching" sessions - always eager to support me in my journey for peace of mind- body, mind and spirit!

With much love and appreciation I thank you both for your commitment to my health.

"We want to let you know that we think that the Liver cleanse of yours is better than any of the others we have tried, and I have been studying and researching health products for over forty years." -L. Kocsmaros and S. Williams

November 16th, 2002

Dear Arthi,

We want to let you know that we think that the Liver cleanse of yours is better than any of the others we have tried, and I have been studying and researching health products for over forty years. During the cleanse we did not have side effects. it is gentle but really works. After this particular cleanse we noticed more energy and a general feeling of well being. Today we received our reorders for liver cleanse, colon cleanse, nitri boost and alka boost---all superior products. Thank you for the book.

Best Regards,
L. Kocsmaros and S. Williams

"I am thankful to you for the awareness imparted by you towards health and nutrition. I have benefited in many ways from the detoxification and the nutritional supplements taken as advised by you." - Simran

June 4th, 2002

Dear Mr. Vora,

Hope things are very well with you. We are all fine here in the London.

As I shared with you during my last telephone call to you before leaving Mumbai, I am thankful to you for the awareness imparted by you towards health and nutrition. I have benefited in many ways from the detoxification and the nutritional supplements taken as advised by you.

I must admit that I was really skeptical of your treatment when I first heard you, and consulted you. At the same time, things were making sense at the basic level, so could not ignore the whole concept. I

believe the skepticism was also due to the background that I was used to using allopathy and homeopathy since childhood. So alternative methods were not really tried, beyond certain home remedies. And with the busy schedules of today's life, I ignored the health issues at the basic level.

Needless to say, I and my family have now become very conscious of what we eat.

My mother has also benefited from your treatment, in terms of the energy levels.

Thanks and regards,

Simran.

"My constipation is not a problem anymore and my skin too has greatly improved, infact people have commented that I am glowing." -S. Nanda

January 28th, 2001

Dear Dr Vohra,

Spoke to my mother the other day who told me you were in town. I am continuing with the treatment and am greatly benefiting form it. My constipation is not a problem anymore and my skin too has greatly improved, infact people have commented that I am glowing. My health and energy levels too are good. For instance everyone in my entire family including the kids have had bad colds and I have remained fine. Thank you so much. I am following the plan you have sent me for Jan, and if it isn't a big hassle could you make one for Feb too? I would be soo grateful. Also I have finished my bottle of Natural calcium and would need a replenishment, so if it could be sent to Barbara she would forward it to me.

Look forward to hearing from you, S. Nanda
