

Dear Sir

Congratulations!!! though it has definitely not come as a surprise to me.

Your work has always reflected that its premise is highly scientific and evidence based.

All your patients, which includes me, have been blessed with good health since they undertook your program, however it does feel nice to get an acknowledgement especially from the world experts in this field.

Your work has been included in the textbook for anti-aging but I guess I will feel you have reached your goal only when your text book gets published and reaches the needy.

Like you always mention, you have a spiritual mentor behind you but the fact that he has chosen you to be the custodian of this priceless knowledge reflects on your ability to deliver it.

Incidentally, I have spoken about you to the committee in charge of the CME program at my Hospital and they were tentatively deciding a suitable date to invite you to talk to our consultants . Even a peek preview into the vast ocean of knowledge that you have gathered would help them a long way besides making them pause and think and probably mend a few ideas which have been dogmatically prevalent.

I once again congratulate you sir and thank you for helping me and many others with your magic wand.

May god bless you and be with you always

Warm regards

Dr. NP, M.S., M.Ch.

Dear Dr. Vora,

Firstly heart felt greetings to you and Congratulations!! on your achievements.

Trust all is well at your end and at the clinic.

I am really very grateful to you for sparing your precious time in sending such a detailed email to update me about the events that occurred in the past six months.

Congratulations!! once again on becoming the Faculty Member of the International Antiaging Forum and for being able to present your paper at various conferences.

I am grateful to you for appreciating my miniscule contribution if any, towards your paper presentations and also glad to be a part of the clinical studies at the centre.

The Detoxification program done at the centre for me and my family did a lot of positive changes in each one of us in different areas of imbalances that we had.

I am aware of the capabilities of the program and have also experienced the same. The knowledge that i have gained at the centre under your guidance cannot be explained in words. It has changed my approach towards life and towards medical treatment in total and I am grateful to you for that. Now, I have become more calmer and started analyzing different aspects of a problem before making a decision.

I was attending to my mother's health in the last few months as she needed lots of physical rest and emotional support as she is passing through her menopause. Hence I accompanied her to my native place in the month of May during my children's school vacation. Her Hemoglobin has risen to 14g% thanks to your medical advice.

I have not repeated my blood tests lately as i was more involved with that of my mother's.

I wish you all success in all your future endeavors and projects and rocket speed in completing the textbooks of medicine as they will bring about a world of change in the field of medicine, both in their approach and in the treatment.

Do let me know, if you need my little contribution in any ways in your projects.

Please shower your blessings on me and my family at all times.

Wishing you success !!

Best wishes and regards,

Dr. RJ, M. B. B. S.
